**Part II Organizational Action** Attach additional statements if needed. See back of form for additional questions.

**14** Describe the organizational action and, if applicable, the date of the action or the date against which shareholders' ownership is measured for the action ▶ The Issuer paid a distribution to common shareholders on July 30, 2021 and August 31, 2021.  
All distributions are pursuant to a plan of liquidation dated June 30, 2021.

**15** Describe the quantitative effect of the organizational action on the basis of the security in the hands of a U.S. taxpayer as an adjustment per share or as a percentage of old basis ▶ As all of the distributions are part of a series of liquidating distributions pursuant to a plan of complete liquidation they will decrease a U.S taxpayer's basis in the shares of the Issuer. Please see Statement 1 for the non-taxable return of capital.

**16** Describe the calculation of the change in basis and the data that supports the calculation, such as the market values of securities and the valuation dates ▶ The Fund adopted the plan of liquidation on June 30, 2021. All distributions paid after the date of adoption of the plan of liquidation are return of capital distributions under IRC Section 331 to the extent of the taxpayer's adjusted basis provided the taxpayer's adjusted basis is at least equal to the amount of the distribution. Where a taxpayer owns more than one block of stock the distribution is allocated ratably among the blocks in proportion to the number of shares the particular block bears to the total number of shares held by the taxpayer. Gain will be recognized only after the adjusted basis of such block has been recovered.
